May – June 2015

APC has Adopted Route 2

State Highway Administration's Adopt-A-Highway Program provides a way for community groups to show their state pride and help keep the Free State litter free. Keeping our roadways free from litter and debris improves the health of our environment. Started in 1989, the Adopt-A-Highway Program enhances the experience of driving in Maryland for both residents and visitors.

Our second clean-up was on Sunday June 7th. For some reason, the northbound sections had a lot less litter than the other side.

APC is in need of an *Adopt A Highway* (AAH) coordinator. Please e-mail the president for more details, it doesn't take a lot of time, training will be provided and it is an "easy" volunteer job.
