

Arnold Preservation Council
Annual Membership Report for 2014

Membership numbers for 2014 remained stable compared with 2013. The number of voting members was 58, comprised of 36 Individual/Household memberships, 13 Community/Homeowner Associations representing 2037 households, 5 Businesses, 3 Institutions and 1 organization. There were also 14 Friends or non-voting members. Efforts were begun (and continue into 2015) to bring in more Community/Homeowner Associations as members. The goal is to provide APC representation to more of our local communities and strengthen APC's voice on matters affecting Arnold.
