Mr. Larry Tom
Office of Planning and Zoning
Anne Arundel County Maryland
2664 Riva Road, MS 6401
Annapolis, MD 21401

Dear Mr. Tom,

11 April 2016

Arnold Preservation Council Board of Directors formally objects to the modification requested by Bay Engineering, Inc. on behalf of EZ Storage Arnold, modification # 14574.

Modification #1

This project in Arnold will not only cause large-scale disturbance to the present landscaping, but also result in significant aesthetic concerns.

We believe that all site development plan criteria should be met and available to constituents. Originally the engineer told us that the reason for skipping site development plan was because all the information required would be provided for the special exception. Whether it was submitted with the preliminary plan or the special exception, we formally request all criteria for the site development plan be met and no modification granted.

While Arnold Preservation Council strongly believes this project is not consistent with our mission and vision for the community, we will continue to work with Bay Engineering and Siena Corporation.

Sincerely,

A handwritten signature in black ink that reads "Elizabeth M. Rosborg".

Elizabeth M. Rosborg
President 2012-2016

The mission of Arnold Preservation Council is to unite the community of Arnold, preserve its rural heritage and enhance its environment by advocating responsible growth, linked neighborhoods, local businesses and excellent schools
